The PARK AND RECREATION DEVELOPMENT FUND (PARD) Program was created in 1987 by the General Assembly of South Carolina, signed by the Governor, and took effect on July 1, 1987. The basis of the grant program is found in Chapter 23 of Title 51 of the 1976 Code of Laws. PARD which is administered by the Department of Parks, Recreation & Tourism (SCPRT), is intended to assist with permanent improvements of park and recreation facilities which will be open to the general public.

INTRODUCTION

PROGRAM SUMMARY

The PARD grant program is a non-competitive reimbursable grant program for eligible local government or special purposes district entities which provide recreational opportunities within each county. The actual grant awards are made on a project by project basis. Eligible project cost will be reimbursed at a rate of 80%. The fund is to be used for permanent improvements to public park and recreation facilities. Each application must have the endorsement of its county legislative delegation members whose combined weight factor is more than 50%.

APPORTIONMENT AND NOTIFICATION

PARD funds are generated from bingo taxes collected from July 1 – June 30 of each new fiscal year. The PARD funds are allocated to each county beginning July 1 of each new fiscal year. Each county will receive at least Twenty thousand dollars (\$20,000.00). 75% of the remaining funds is distributed to the counties based on the county's percent of the State population as published in 'Current Population Reports' by the Bureau of the Census.

- EXAMPLE: Funds collected July 1, 2005 – June 30, 2006 were the 2007 funds allocated to each county.

The remainder of the funds will go in the account of SCPRT, five percent of which may be used for the administration of the PARD program. Once funds are allocated to a county they must be expended within three (3) years. Unexpended funds after this period will be redistributed in the annual allocation process. There are no provisions for extensions on funds that are going to expire.

- EXAMPLE: 2007 funds allocated July 1, 2006 must be expended by May 31, 2009

SCPRT will notify members of the General Assembly and eligible sponsors of the amount of funds available in their County area. SCPRT will mail out reports and notifications in July and January of each fiscal year. The July report will notify of new PARD allocations that have been made available along with new balance. The January report will consist of information regarding PARD funds that are set to expire. The County Delegation must review all projects within the county area and complete the endorsement form for the approved project (s). The total amounts of all projects endorsed by the Delegation may not exceed the total amount of funds available to the "County Area". Grant awards must be made based on funds which have already been earned and not on anticipated revenues.

ELIGIBILITY

An eligible entity is any local government unit, including special purpose districts, which has provided parks or recreation services for at least twelve (12) months prior to the date of application. Such eligibility will be determined by SCPRT. The South Carolina Department

of Parks, Recreation & Tourism is the only State agency eligible for funding. SCPRT will annually review all agencies and will assign each agency to a classification. These classifications are as follows:

- CLASS "A": a local unit of government which has as one of its primary responsibilities the provision of full-time park and recreation facilities and services open to the general public and has provided such for the previous twelve-month period. These entities have real property under their direct control which they use for public recreation purposes or schedule on-going activities of a comprehensive nature.
- CLASS "B": a local unit of government which has as one of its responsibilities the provision of park and recreation facilities and services open to the general public and has provided such for the previous twelve-month period.
- CLASS "C": a local unit of government which provides park and recreation facilities or services open to the general public as a secondary function and has provided these facilities or services for the previous twelve-month period.
- CLASS "D": all entities which do not meet the requirements of one of the three (3) above described classes or entities which have lost their eligibility and as a result are ineligible for PARD funds.

If an entity has never received PARD funds the following must accompany a complete application. It is the sponsor's responsibility to provide all documentation to prove eligibility:

- Picture of recreational facilities maintained by the sponsor
- Copy of agency's budget showing expenditures for parks and recreation functions
- Detailed description of how long property has been maintained along with outline of future development.

GENERAL ADMINISTRATION

APPLICATION PROCESS

An application for PARD funds must be complete to be approved. A complete application consists of the following:

- _____ Project Application
 - _____ Endorsement Form from Delegation with original signatures with combined weight factor of more than 50%
 - _____ Copy of Deed and or lease of property
 - _____ Historical Significance Certification Form
 - _____ Site map of property with directions
- Please remember we are not from your area. These directions will be needed to do a final inspection for reimbursement.
- _____ Pictures (color) 8 ½ x 11 of the proposed site before development or renovation

Please keep in mind you must provide all the above for every application even if funding has been provided in the past to the same location.

PROJECT MATCH

PARD is a matching grant program and all projects must be matched by local government in an amount of at least 20%. All local matches will be in the form of cash, force account labor or equipment use costs for the actual construction of the project. Force account labor must be actual employees of the Town, City or County. **The following are NOT eligible as a match for PARD funds: Volunteer labor or donated material, costs associated with the administration of the project, acquisition of real property, or interest on borrowed funds.**

PROCUREMENT PROCEDURES

Project sponsors must abide by their local procurement requirements when purchasing labor and materials. During the billing process, the sponsor will be required to give assurances that these procedures have been followed.

HANDICAP ACCESSIBILITY

All State funded projects must be made accessible to and useable by persons with disabilities. All projects must meet ADA Standards and must be constructed in conformance with the Uniform Federal Accessibility Standards (UFAS). Alteration of facilities, which would prevent accessibility, is prohibited.

Links: www.access-board.gov/ufas/ufas-html/ufas.htm

ENVIRONMENTAL IMPACT

It is the responsibility of the project sponsor to assure that any development, renovations, or improvements are environmentally sound and that the sole responsibility for corrective action is with the sponsor.

HISTORICAL SIGNIFICANCE

It is the responsibility of the project sponsor to inform SCPRT if the planned project will have an impact on existing or potentially eligible National Register sites.

CONTROL AND TENURE

The project sponsor must either own the site in fee simple title or have a lease/joint use agreement for a term commensurate with the duration of the agreement period indicating the sponsor has primary control and the purpose of the site is for public recreation.

APPLICATION AND APPROVAL PROCESS

A complete application must be submitted by the sponsor and the local legislative delegation. Once the delegation approves the amount of funds for your application, then the delegation must forward the complete application to SCPRT for approval. (Each legislative delegation has different guidelines in place i.e., when applications are due to them, amount of funds disbursed etc.) Once a complete application is received, SCPRT will evaluate the application to determine if the project is eligible for funding. Projects are approved by SCPRT the 15th of every month. Any application received after the 15th will not be approved until the next month. **PARD projects are not officially approved until the project sponsor receives a Project Agreement from SCPRT. You must then sign the project agreement and return one (1) copy to SCPRT. Any work completed outside the project period will not be approved for reimbursement.**

The duration of the project agreement period is based on funds approved for your project. During the agreement period the sponsor must insure that the terms of the agreement are kept, that the facilities will be operated for the intended purposes, and that maintenance will be performed on a regular basis and remain open to the public. During the project agreement period the project sponsor may not transfer the rights, privileges or obligations of the site without written approval from their Legislative Delegation and final approval from SCPRT. Compliance responsibilities are listed on the back of the project agreement.

The duration of the project agreement is as follows:

- Projects valued at \$5,000.00 or less: The agreement period will be for at least 5 years
- Projects valued at \$5,001.00 - \$20,000.00: The agreement period will be for at least 5 years, plus one (1) additional year for each \$1,000.00 with a maximum of 20 years.
- Projects valued at \$20,001.00 and above: The agreement period will be for 20 years.

Agencies which break leases or disregard any portions of the agreements on approved projects concerning the maintenance, operation and use will be deemed ineligible for future PARD funds until these discrepancies are rectified.

REIMBURSEMENT

The sponsor must submit proper documentation for partial or final reimbursements. The sponsor must request reimbursement for work that is outlined in their project agreement only. The following documentation is needed:

- Signed Project Agreement must be on file with SCPRT.
- Billing data sheet
- Labor data sheet (if applicable)
- Employee time sheet (if applicable)
- Equipment time sheet (if applicable)
- Procurement certification form
- Copies of Invoices
- Copies of canceled checks front and back, or front copy of check with a bank statement. SCPRT must see that money did come out of the sponsor's bank account. If a credit card was used to purchase material, then we need a copy of the receipt along with monthly statement and canceled check.

There can be several reasons for a delay or denial of reimbursement:

- If proper documentation is missing at the time of payment request, the reimbursement will be delayed.
- If dates on invoices and checks are prior to your project agreement date, your payment request will be denied.
- If the project is not completed and open to the public at time of inspection, your request could be delayed or denied depending upon circumstances.

POST COMPLETION RESPONSIBILITIES

Upon notification from the sponsor through a final billing, SCPRT will be responsible for making a site inspection of the site prior to final reimbursement. The sponsor must abide to the following completion responsibilities (also outlined on the back of the project agreement).

1) The project sponsor agrees to operate the above described facilities in a nondiscriminatory manner with regards to race, color, creed, national origin, or handicap such that the general public is not prohibited except possibly during night hours when it might be deemed unsafe for use.

2) The Project Sponsor agrees to operate and maintain the above described facilities in a safe and useable manner for their intended purposes throughout the agreement period.

3) The Project Sponsor agrees to erect and maintain throughout the agreement period, a sign which credits the State of South Carolina the Parks & Recreation Development Funds for assisting in the project.

4) In the event that any portion of this agreement is applied to leased property, the Project Sponsor must provide SCPRT with an adequate lease to the subject property prior to the first billing request. If the lease is terminated for any reason prior to the expiration date of this agreement, the Project Sponsor agrees to relocate any improvements developed under this agreement to another site which would be open for public use. Any and all expenses for real estate, relocation and/or other expenses will be borne by the project sponsor.

PARAD ASSISTANCE

PLANNING

Eligible Planning Projects

- Master Planning for future park and recreation facilities and programs.
- Updating existing master plans for future recreation facilities and programs.
- Evaluating specific portions of an existing master plan for future recreation facilities and programs to determine their current status.
- Environmental impact studies of existing or proposed recreation facilities and programs.
- Site specific evaluations of existing recreation facilities for purposes such as handicap accessibility, safety and management techniques.
- Surveys and marketing studies to determine the need for future recreation facilities and programs.

Eligible Planning Costs

- Cost of legal advertisement in newspapers for the purposes of procurement or notice of public meetings.
- Consultant fees and charges
- Printing costs
- "In-House" labor for the development of plans not to exceed 20% of the total project cost.

Upon completion of the planning project, one (1) copy of the final document must be forwarded to SCPRT along with required additional documentation for the final billing.

DEVELOPMENT

Development projects are site specific improvements on public lands for recreation purposes. All construction, whether indoor or outdoor, must provide a new public recreational venue.

Eligible Development Projects

- Development of new outdoor public recreation facilities.
- Development of new indoor public recreation facilities.
- Development of roads, parking areas, support facilities, utilities and other infrastructure for public recreation facilities.
- Improvement of natural resource features, landscaping cost can not exceed 50% of total grant.

Eligible Development Costs

- Cost of legal advertisement in newspapers for the purpose of procurement

- Architectural/Engineering/Construction Management fees. The total of which may not exceed 12% of the total project cost.
- Site improvements including clearing, grading etc. in preparation for the development of recreation facilities.
- Building materials, supplies, and specialty materials for construction of new facilities.
- Contractual cost for construction affiliated with new structures.
- "In-House" labor for the construction of new recreation facilities not to exceed 20% of the project cost.

RENOVATION

Renovation projects are site specific improvements on public lands for recreation purposes. All construction, whether indoor or outdoor, must alter facilities which currently exist. This alteration must increase the utility of the existing structure and **not be routine maintenance of the facility.**

Eligible Renovation Projects

- Renovation of existing recreation structures to bring the to ADA standards.
- Modifying existing structures which are currently not being used for recreation purposes such that after alteration their primary use will be for public recreation.
- Replacement of permanent improvements to parks and recreation facilities which have outlived a reasonable lifespan i.e. playgrounds, basketball courts, tennis courts.
- Repairs to natural resource structures.

Eligible Renovation Costs

- Cost of legal advertisement in newspapers for the purpose of procurement.
- Architectural/Engineering/Construction Management fees. The total of which may not exceed 12% of the project amount.
- Site improvements including clearing, grading, etc. in preparation of recreation facilities.
- Building materials, supplies, and specialty materials.
- Contractual costs of construction costs affiliated with renovations.

"In-House" labor for the renovation of existing recreation facilities not to exceed 20% of the total project cost.

Ineligible Projects for Development and Renovation

Museums, theaters, child care facilities, meeting halls, libraries, retirement and senior citizen facilities and administrative offices are not eligible for PARD funding. Permit costs associated with construction are not eligible. Any construction or maintenance equipment and tools are not eligible, i.e. lawnmowers, hammers, saw, gloves.

- **There are numerous projects which fall into a gray area depending on the intent or location of the project. Projects which install benches, decorative fountains, monuments and memorials, walkways and beautification of public property may or may not be eligible depending on the specific project. SCPRT staff will make determinations on a case by case basis.**

PROJECT APPLICATION

SOUTH CAROLINA DEPARTMENT OF PARKS, RECREATION & TOURISM
PARK AND RECREATION DEVELOPMENT FUND

PROJECT APPLICATION

-- 12 --

I. General Information

Project Sponsor _____

Mailing Address _____

Email _____ Zip _____

Contact Person _____

Phone Number _____ Fax _____

Project Name _____

County _____

Federal Identification Number _____

Congressional District # _____ **PARD Class** _____

Amount of Funds Requested _____

II. Project Description

This project will include the following work categories (Check the appropriate categories):

_____ Development of New Facilities _____ Renovation of Existing Facilities

_____ Planning

This project will include the following specific work elements (Check the appropriate elements):

_____ Athletic Fields _____ Athletic Courts _____ Multi-Purpose Courts

_____ Picnic Facilities _____ Swimming Facilities _____ Trails

_____ Boating/Fishing Facilities _____ Indoor Facilities

_____ Support Facilities _____ Consultant Services

_____ Other (describe) _____

III. Narrative Description

Describe in sufficient detail the work to be accomplished under this project and how the work will be accomplished.

IV. Proposed Site Location

A. Park Name

B. Physical address of proposed site

C. Latitude and Longitude (degrees/minutes/seconds/dir) of proposed site

D. Pictures (color) 8 ½ x 11 of the proposed site before development or renovation.

E. Project Location Map

V. Time Table

Give a proposed time table for the accomplishment of this proposed work:

IV. Proposed Budget Breakdown for the Project:

Attachments are needed with ALL applications, even if we have them on file with another project. Applications without all of the required information will be returned to the project sponsor and a complete package requested.

- 1) Project Location Map - Provide a map showing the location of each project site. The map(s) is to be in **sufficient detail** (or written directions) so that the site(s) can be found without additional assistance. *(Please remember we are not from your area).*
- 2) Copy of the appropriate deed or lease/joint use agreement for each proposed site.
- 3) Provide an **original** document showing the endorsements of the County's Legislative Delegation showing a weight factor of more than 50%.
- 4) Historical Significance Certification Form.
- 5) Pictures (color) 8 ½ x 11 of the proposed site before development or renovation.

CODE OF LAWS

Section 51-23-30. The department shall devise and administer a noncompetitive program of grants to eligible entities within each county area for planning and development for new parks and recreation facilities or renovations of existing facilities. Grant funds may not be used to supplant existing fund for parks and recreation purposes nor may they be used to retire indebtedness incurred prior to July 1, 1988. Grant awards must be made by the department according to criteria and administrative guidelines it shall develop and furnish to potential grant applicants. All grants must be in the form of reimbursements and no grant may be awarded unless the grantee matches the grant in an amount equal to at least twenty percent of the grant. All grant applications must be submitted in writing and signed by members of the county legislative delegation whose signatures represent a combined weight factor of more than 50%. Unexpended grant funds in any account may be carried forward for not more than three succeeding fiscal years, after which any unexpended funds must be reallocated on a statewide basis in the next fiscal year as part of the distribution to the Fund for that year.

Section 51-23-40. Funds allocated to the account of the department pursuant to this chapter must be used by it for planning, development, and renovation of new state parks and recreation facilities located therein except that the department may expend an amount not to exceed five percent of its annual allotment for the expenses of administering this chapter.”

Attachment C: PARD ACKNOWLEDGEMENT SIGN

PARD project sponsors **are required** to post a sign acknowledging the grant funds used in their projects. Signs should be posted in a prominent location and recommended specifications for the sign are as follows: 18" x 24", wood or metal construction with inscription as found below. Sign must be posted prior to Final Reimbursement.
